PROGRAM OVERVIEW High powered training program with intense surgical volume, Legacy Health's PMSR/RRA allows residents hands-on experience in all aspects of foot & ankle surgery including internal & external fixation, reconstruction, trauma, sports injury, and complex diabetes limb salvage involving a multidisciplinary management approach. Podiatry residents are active members of the team on off-service clinical/surgical experiences. Didactic training and lab workshops supplement the residents' development through a sequential process over a 3-year comprehensive training program. High clinic volume and a variety of surgical cases will provide the experience and confidence to practice anywhere in the country as a valuable asset to their community. Offering the only podiatric residency program in the city, Legacy Health is based in Portland, Oregon. Located 1.5 hours from the Pacific Ocean.
