PROGRAM OVERVIEW Program is approved PMSR/RRA.

Past graduates hold leadership roles in many state and national organizations. This creates a networking opportunity for post residency employment. We have alumni located throughout the entire USA and Puerto Rico. Many of the graduates are recruited by large podiatric, orthopedic, and multi-specialty groups. All interviews shall occur on the dates established by the national resident application matching service. Each candidate granted an interview will be interviewed individually (Could be done individually or in a group setting) on academic and social skills. Call-back interviews may occur and could be an individual or group setting. Each final candidate will be assessed and ranked by the individual interviewers and final rankings are established by group consensus. Curriculum is available to candidates upon request.
