Benefit Package: Contact Program

Curriculum: Contact Program

PROGRAM OVERVIEW This PMSR with added RRA certification is funded through OSF Saint Anthony Medical Center, a Level I Trauma Center, and affiliated with a multispecialty orthopedic practice. The resident is expected to far surpass the surgical volume requirements with heavy exposure to rearfoot and ankle reconstruction, revision surgery, trauma, and elective cases. The resident will also have extensive exposure to limb preservation, pediatrics, general orthopedics, rheumatology, and orthopedic trauma. This demanding program is designed to produce confident and well prepared podiatric physicians able to excel in a number of settings. Interested students who visit or extern with the program and perform well will be given greater consideration during match.
