PROGRAM OVERVIEW One of the few VA hospitals that has a fully implemented sharing agreement with the military that has combined podiatry clinics from the VA and Air Force medical clinic to allow veterans and active duty and their families to be treated side-by-side. Our facility is one of the very few VA's that treats children in our own clinics. Our Wound Care Foot Clinics prepare the resident for an active wound care practice. The clinic deals with high risk pre- and post-amputation patients, advanced wound technology, bioengineered tissue grafts, and limb preservation surgery. Podiatry Service at this VA is a direct-admit service and we are involved in all phases of a patients care, we have OR time on Monday, Tuesday, Thursday and Fridays. Montgomery has a very affordable cost of living and is close to Atlanta and the Gulf beaches.
